

Declaration of Conformity Pressure Equipment Directive 2014/68/EU

March 3, 2017

To Whom It May Concern:

The Pressure Equipment Directive (PED) 2014/68/EU of the European Parliament (Recast) has been issued regarding pressure equipment. AP Tech manufactures products for sale in European countries that fall into the category of **Pressure Accessories** that are integrated into piping systems intended for the transport of fluids. Please refer to AP Tech Product Note PN 304 for a detailed discussion of the PED requirements.

Advanced Pressure Technology (“AP Tech”) declares that all products comply with Article 4, paragraph 3 of the PED. AP Tech designs and manufactures products in accordance with the sound engineering practices of the United Kingdom. AP Tech provides operations manuals to our authorized representatives in the European Community and manuals are available on our website. AP Tech marks all products with our name. Products that comply with Article 4, paragraph 3 are not labeled with the CE mark unless covered by another European Directive.

Please note that privately labeled AP Tech products may not bear the AP Tech name. When the private label bears the name of an AP Tech authorized representative in the European Community, the requirement of the PED is satisfied. A listing of authorized representatives is available on our website. AP Tech does **not** declare conformance with the PED when the product does not bear either AP Tech’s name or the name of an authorized representative in the European Community.

This declaration of conformity applies to all AP Tech products that fall under the requirements of Article 4, paragraph 3 of the PED. Not covered are AP Tech products with nominal connection size **greater** than 25 mm (1 inch) **and** used in Group 1 (hazardous) fluid service **or** used in Group 2 fluid service above 18 bar (250 psig).

Products **not** covered by this Declaration of Conformity if equipped with > 25mm (1 inch) connectors:

Series	Model - device	Series	Model - device
AP	3700 - valve (monoblock)	AP	9000 - regulator
AP	3800 - valve (monoblock)	AP	90PA - regulator
AP	3900 - valve (monoblock)	AZ	9200 - regulator
AP	74B - flow switch	BZ	91 - valve (bellows)
